PRODUCT GUIDE

WHY OUR CUSTOMERS LOVE US

We Give Our Customers Next Level Service

> It's no coincidence we have a *4.9 star rating on Google*. We strive to genuinely treat our customers as if we are the customer. We go above and beyond!

Our Lifetime Warranty

> Our "Pain-Free Warranty" helps you rest easy about your investment. Did your tent frame get damaged by a wind gust? We have you covered! Worry no more!

Our Value - Stretch Your Dollar Further

> When comparing apples to apples, you'll have a near impossible time beating our prices! We offer industrial quality products meant to last for rock bottom prices!

LIFETIME WARRANTY

WHAT'S IT LIKE WORKING WITH STRIKE?

STRIKE VISUALS
PROVEN PROCESS

1:EDUCATE A Product Pro will consult with you to understand what needs you have and what you are trying to accomplish.

2:IDEAS We will brainstorm creative options and solutions that fit your budget, time frame, and needs. We'll work to make sure you get exactly what you are looking for.

3:DESIGN We have a team of talented Design Pros to get your logo, color, and images just right on the templates (free of charge). Or you can have your team do the designs.

4:PRODUCE Once you have finalized the design and what you need to purchase, we'll get to work on making your products and delivering them to you on time.

5:SHINE Our goal is for you to Get Noticed! This is your time to shine in front of your customers. You can also have peace of mind knowing your new products are covered under our Lifetime Warranty!

From 10x10 to 60x60, In-line or Island We Can Help You Stand Out and Get Noticed!
CUSTOM DISPLAYS PROCESS

We can painlessly take you from concept, to having your booth ready to display!

1: CONSULTATION
We'll work with you to find out what needs you have and what you hope to accomplish. Then we'll work hard to find solutions that fit your parameters!

2: SAMPLE DESIGNS
Based on consulting dicussions we'll send you high quality 3D renderings of your trade show booth ideas. From there you can ask for tweaks and modifications.

3: QUOTATION
Once your design is near finalization, we'll send you a quote of the final price of your project and any additional information regarding your setup.

4: MANUFACTURING
Once the design and price are approved, we'll jump right into having your display manufactured. Should any questions arise along the way we'll contact you.

5: SETUP + TAKE-DOWN
If desired, we are able to offer setup, take-down, and even storage assistance of your new custom display. Or you can simply take delivery and manage it internally.

Inflatables Materials Available

> **210D POLYESTER** - Super light weight yet incredibly durable and tear resistant - *for use with a continuous blower*

> **420D POLYESTER** - Medium duty means slightly heavier and more bulky storage, but also more durable - *for use with a continuous blower*

> **600D POLYESTER** - Heavy duty for frequent use (2x/month or more). Bulky and heavy, but very strong - *for use with a continuous blower*

> **PVC (.45MM)** - For frequent use or long term inflation. Bulky, and heavy, but extremely durable - *for use with a continuous blower*

> **PVC (.90MM)** - Our strongest available material! When durability and reliability trump all else - *sealed air only*

> **SEALED AIR DYE SUBLIMATED** - Best of both worlds! High quality print with sealed air convenience - *sealed air only*

Materials Available for Both Arches and Custom Inflatables

9' tall x 10' wide

ARTWORK INFORMATION

> **Need Help with Design?** We have an team of professional designers on staff that can help you get the layout and artwork just how you want it. If you need any help at all, please reach out to your sales rep and they'll happily help you get lined up with one of our designers.

> **Acceptable File Formats:** We prefer .ai (Adobe Illustrator) or .eps files. We can also accept .pdf or .svg but such files may incur a setup charge. High resolution .jpeg | .tiff | .png | .gif files can be accepted for use on roll up banners, vinyl banners and tent walls. When using our templates, please check the artwork scale and DPI requirements. Submitted raster based files will not be warrantied for fuzziness/pixelation if the DPI requirements are not met.

> **Photos (raster) used within vector templates:** We can accept photos placed or embedded within a file, but they are still subject to pixelation and fuzziness based upon photo quality and size. Scale and DPI information is included in each template. Please note, scale and DPI requirements are not the same for all templates.

> **Templates:** We have templates available for all products available for download and use at www.strikenow.com/templates/ Artwork should be submitted using our templates. Using other templates may be subject to a setup / artwork fee.

> **Color Matching (Pantone and CMYK):** We can accommodate almost all Pantone colors requested. Pantone colors should be embedded in the artwork design itself and also called out in the template in the appropriate text field. Due to printer and ink capabilities, not every single pantone color can be matched perfectly - this mostly includes extremely bright / neon colors. Some neon colors can be replicated, but an up-charge may be required to do so.

    - As a disclaimer, we can't be held liable if a color doesn't come out how you expect it if you don't provide us with Pantone color codes. This is because different computer screens display colors differently and printers don't always print just how it shows on the screen. Because of this, we use Pantone colors to match the colors. If you're not sure what a Pantone color is, visit https://en.wikipedia.org/wiki/Pantone and read the 2nd section on "Pantone Color Matching System".

> **Text and Linked / Un-embedded files on your artwork:** Please outline any fonts used in your artwork. Linked or un-embedded files in your artwork need to either be embedded or included with artwork that is sent. *Failure to do all of these can cause delays in productions.* Any delays caused by artwork submitted by the customer will not compensated in any way by Strike Visuals.

⚡ STRIKE — WE GO THE EXTRA MILE WITH OUR T.E.N.T.S. PHILOSOPHY!

T	**E**	**N**	**T**	**S**
Treat others fairly.	Enjoy life!	Never give up.	Take risks.	Solutions.
• RELATIONSHIPS MATTER •	• WE HAVE FUN •	• WE MAKE THINGS HAPPEN •	• BE BOLD •	• WE'RE YOUR GO TO GUY •

ABOUT STRIKE

Who Are We?

> **First off - Our purpose as a company to elevate and enrich the lives of those around us. This includes our employees, our customers, and the brands we service. Yes, our goal is to help you "Get Noticed", but more importantly, our reason of existing is that we want those who associate with us on any level to have their experience with us enrich their levels on some level.**

> **Every employee lives up to our set of Core Values listed above. If they don't embody these qualities, they'll likely leave us as we strive for these and people feel like the odd person out if they don't embrace them. It's what helps set us apart!**

> **We are a family owned and operated company based out of Salt Lake City, Utah. We love the outdoors and love to be active! The company was founded in 2014 by two brothers who still operate the company with the same attention to detail as day 1.**

> **Every week, each employee at Strike spends two hours (on the clock) giving charitable service, or working on self improvement. We truly are trying to enrich and elevate ourselves and those around us.**
